Moemoeā - Iwi Vision – Planning Wānanga

Hui-a-Iwi at Whakarongotai Marae
Saturday 25th January 2014

Kia hiwa rā, kia hiwa rā, kia hiwa rā,

Each and every one of us has visions, dreams and aspirations for what we want the future to hold for our whānau, hapū and iwi. In some cases this may be as modest as being able to attend and participate positively at hui on our marae, or strengthening our language and culture, employment for our rangatahi, or kura for our tamariki, for others it may involve business strategies and welfare systems, and others still it might be to see strong leadership, growth and development within our people, clarifying our iwi structures and roles upheld by the hau kāinga.

This hui-a-iwi is an opportunity to all iwi members affiliated to Atiawa ki Whakarongotai marae, to come along and contribute to this important session to plan for our future.
