### “NEW PERMANENT GP - DR URI SEINFELD”

Hora Te Pai is very happy to welcome Dr Uri Seinfeld to our service. Dr Uri Seinfeld is from Israel and is very whanau orientated, he has a daughter and a wife who is also a Doctor. He will be joining our already experienced GP staff at the end of January working from Monday to Friday. And will operate out acute clinics on Mondays and Fridays. Dr Jenny Smith will continue to see patients on Wednesday mornings and all day Thursdays. Dr Chris Fawcett will continue to operate our acute clinics with Nurse Manager Faye Haewera on Tuesday, Wednesday & Thursday mornings. We would like to thank Dr Richard Claridge, Dr Patrick McCarthy & Dr Peter Sherrington for all their help during this time.

### “ACUTE CLINIC’S”

To ensure that we at Hora te Pai can provide a Better, Faster, Sooner Service to our patients we have setup morning acute clinics. These appointment are medical emergencies ONLY. This will provide patients that need to be seen that day with an appointment. Because these are emergency appointments they can only be booked in on the day itself and it is on a first in first serve basis so please call us as soon as we open or you might miss out. Patients who fit the acute clinic criteria will seen by the Acute Nurse in the first instance. The patient will ONLY see a Doctor if the Acute Nurse determines that the patient needs to be seen by a Doctor. These clinics operate from 8:30am to 10:00am Monday to Friday.

## “MANAGE MY HEALTH”

ManageMyHealth™ is a new online service that gives you the freedom to manage your health needs - and that of your family anytime, anywhere. It allows you access to your medical records - view medical conditions, lab results, immunisation records, allergies, prescriptions and share health information as required with other healthcare providers such as emergency and secondary services. This will eventually allow you to book your own appointments and communicate with your nurse and doctor online. If you are interested in setting this up for you and your whanau please contact our Practice Manager, Cherie Seemark on 04 902 7095 ext 712.

## “FREE CARDIOVASCULAR RISK ASSESSMENT”

Cardiovascular Disease (heart attack & stroke) is the leading cause of death in New Zealand.

### **IF YOU ARE:**

- Maori, Pacific & Indian **WOMEN** aged 45-74
- Maori, Pacific & Indian **MEN** aged 35-74
- All other ethnicities **MEN** aged 45-74
- All other ethnicities **WOMEN** aged 55-74

Then our Long Term Conditions Nurse would like to offer you a **FREE** Cardiovascular Risk Assessment.

If you are interested contact the Nurse on 04 902 7095 so that a blood test and an appointment can be arranged for you.

## ALL SMEARS
